Testimonials

“The DACC has been a tremendous support to our business over the past several years. They offer numerous opportunities for community involvement which have helped us to gain great exposure and further our reach within the Downingtown area. Through these events, we have also been able to connect with other small businesses and their wonderful owners. I strongly recommend getting involved with the Chamber and enjoying the many benefits and opportunities available to you as a member.”

-Dr. Mike Hughes, Hughes & Hughes Family Dentistry

“We are proud to be a long standing Downingtown Area Chamber of Commerce member. As a local non-profit organization, the partnerships that have been created and fostered through us joining the chamber are priceless. We have worked alongside many local organizations who are chamber members to bring positive change to the Downingtown community. Being a part of the Downingtown Area Chamber of Commerce has been a wonderful experience for CTC and we would recommend any local organization, especially other non-profits, to become chamber members.”
